thE KindeR – SIND DA!

ASTRO POP - BUNNY HOP - BIPOLAR WEIRDANCE - WARP ROCK

2011 thE KindeR found their ways and music in Vienna. Since then they created exceptional electro-live sounds and beats to playfully entangle and fire up the crowds. thE KindeR released two EPs, „Vorspiel EP“ - 2013 and „In Space EP“- 2015.

Their first album "[Tumultus Cras](#)" was published by the Viennese label [Konkord](#) in 2018.

„This trio kicks up one's heels, they seduce with a mixture of disco and marching music. thE KindeR know no boundaries and mix everything from the 70's until today. Casio organ with Space Sound, cheeky German lyrics and always full of power. This sound turns every leg into a dance leg and has some addictive touch to it. There is not much to write. Listen and dance, this is the party album of the year, or it has to be surpassed, which is hardly possible.“
